167-A	Pyrus OHF 97	$26.00		
	Bundles Ordered			

- **Upon receiving your order**, please inspect your scionwood immediately. Any shipping errors, unlabeled scionwood, or scion abnormalities should be reported to Fedco Trees ASAP.
- **Store scionwood** in a dark location with temperatures between 32 and 38°. Because ethylene gas will damage or kill scionwood, we recommend that you "triple plastic bag" your scionwood when storing in a root cellar or refrigerator with potatoes or apples. Your scionwood should remain viable well into May.
- **For grafting supplies and literature**, please refer to the Organic Growers Supply section of the Fedco Seed catalog.
- **If you'd like to learn more about grafting**, please join us on March 24, 2013, at The Scionwood Exchange at MOFGA's Common Ground, or check our website, fedcoseeds.com/trees.htm in March for a list of spring grafting classes in Maine.

Rootstock is approximately 1/4" caliper.

Scionwood quantities are limited, order early. We try to provide wood that is close to 1/4" in diameter. When only smaller diameter wood is available, we send it out. If you do not want smaller diameter wood, please note that on your order and we'll refund your payment.

❑ Donate all my refund to MOFGA
❑ up to $5.00
❑ up to $2.00

We accept Visa or MasterCard Exp. Date
